**Rescission in Part**

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party that requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. **Uncovered Innerspring Units From the People's Republic of China, South Africa, and Socialist Republic of Vietnam: Continuation of Antidumping Duty Orders**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (the Department) and the International Trade Commission (the ITC) determined that revocation of the antidumping duty (AD) orders on uncovered innerspring units from the People's Republic of China (PRC), South Africa, and Socialist Republic of Vietnam (Vietnam) would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States. Therefore, the Department is publishing a notice of continuation of these AD orders.

**DATES:** *Effective Date:* April 23, 2014.

**SUPPLEMENTARY INFORMATION:**

**Background**

On November 1, 2013, the Department published the notice of initiation of the first sunset reviews of the AD orders on uncovered innerspring units from the PRC, South Africa, and Vietnam, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).<sup>1</sup> As a result of its reviews, the Department determined that revocation of the AD orders on uncovered innerspring units from the PRC, South Africa, and Vietnam would likely lead to continuation or recurrence of dumping and notified the ITC of the magnitude of the margins likely to prevail should the orders be revoked.<sup>2</sup> On April 11, 2014, pursuant to section 751(c) of the Act, the ITC determined that revocation of the AD orders on uncovered innerspring units from the PRC, South Africa, and Vietnam would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.<sup>3</sup>

**Scope of the Orders**

The merchandise covered by these orders is uncovered innerspring units composed of a series of individual metal springs joined together in sizes corresponding to the sizes of adult mattresses (e.g., twin, twin long, full, full long, queen, California king, and king) and units used in smaller constructions, such as crib and youth mattresses. All uncovered innerspring units are included in this scope regardless of width and length. Included within this definition are innersprings typically ranging from 30.5 inches to 76 inches in width and 68 inches to 84 inches in length. Innersprings for crib mattresses typically range from 25 inches to 27 inches in width and 50 inches to 52 inches in length.

Uncovered innerspring units are suitable for use as the innerspring component in the manufacture of innerspring mattresses, including mattresses that incorporate a foam encasement around the innerspring. Pocketed and non-pocketed innerspring

units are included in this definition. Non-pocketed innersprings are typically joined together with helical wire and border rods. Non-pocketed innersprings are included in this definition regardless of whether they have border rods attached to the perimeter of the innerspring. Pocketed innersprings are individual coils covered by a "pocket" or "sock" of a nonwoven synthetic material or woven material and then glued together in a linear fashion.

Uncovered innersprings are classified under subheading 9404.29.9010 and have also been classified under subheadings 9404.10.0000, 7326.20.0070, 7320.20.5010, or 7320.90.5010 of the Harmonized Tariff Schedule of the United States (HTSUS). On January 11, 2011, the Department included HTSUS classification numbers 9404.29.9005 and 9404.29.9011 to the customs case reference file, pursuant to a request by U.S. Customs and Border Protection (CBP). On January 7, 2013, the Department included the HTSUS classification 7326.20.0071 number to the customs case reference file, pursuant to a request by CBP. The HTSUS subheadings are provided for convenience and customs purposes only; the written description of the scope of this investigation is dispositive.

**Continuation of the Orders**

As a result of the determinations by the Department and the ITC that revocation of the AD orders would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping orders on uncovered innerspring units from the PRC, South Africa, and Vietnam. CBP will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the orders will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year reviews of these orders not later than 30 days prior to the fifth anniversary of the effective date of continuation.

These sunset reviews and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(f)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: April 17, 2014.

**Circular Welded Carbon Steel Pipe and Tube Products From Turkey: Preliminary Results of Countervailing Duty Administrative Review; Calendar Year 2012 and Intent To Rescind Countervailing Duty Administrative Review, in Part**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (the Department) is conducting an administrative review of the countervailing duty (CVD) order on circular welded carbon steel pipe and tube products from Turkey (steel pipe) for the period of review (POR) of January 1, 2012, through December 31, 2012. The review covers one producer/exporter of subject merchandise that the Department selected for individual examination: Borusan Mannesmann Boru Sanayi ve Ticaret A.S. (BMB), and Borusan Istikbal Ticaret T.A.S. (Istikbal), (collectively, the Borusan Companies). Additionally, this review covers two firms that were not individually examined: Erbosan Erciyas Boru Sanayi ve Ticaret A.S. (Erbosan AS) and Erbosan Erciyas Pipe Industry and Trade Co. Kayseri Free Zone Branch (Erbosan FZB), (collectively Erbosan), and Tosyali dis Ticaret A.S. (Tosyali) and Toscelik Profil ve Sac Endustrisi A.S. (Toscelik Profil), (collectively, Toscelik). We preliminarily determine that the Borusan Companies received countervailable subsidies during the POR but that the total net subsidy rate is less than 0.5 percent *ad valorem* and, therefore, *de minimis*. For purposes of these preliminary results, we assigned Erbosan and Toscelik, the non-selected respondents, net subsidy rates of *de minimis* and 0.83 percent *ad valorem*, respectively. Interested parties are invited to comment on these preliminary results.
