We wish to inform you that the International Trade Administration Commission of South Africa (the Commission) made a determination to amend the existing safeguard measures on threaded fasteners of iron or steel which are bolt ends & screw studs, screw studding and other hexagon nuts (excluding those of stainless steel and those identifiable for aircraft) to include the Republic of Turkey.

Attached is a copy of the Commission's Minute M09/2021 containing the determination and reasons thereof, as well as copies of the two notices in this regard which were published in the Government Gazette No. 47015, dated 15 July 2022 for your information.

Dear Minister

MINUTE M09/2021- AMENDMENT OF EXISTING SAFEGUARD DUTIES ON THREADED FASTENERS OF IRON OR STEEL WHICH ARE BOLT ENDS & SCREW STUDS, SCREW STUDDING AND OTHER HEXAGON NUTS (EXCLUDING THOSE OF STAINLESS STEEL AND THOSE IDENTIFIABLE FOR AIRCRAFT) TO INCLUDE BELARUS, INDONESIA AND TURKEY

On 01 March 2019, the Commission initiated an investigation for remedial action in the form of a safeguard against increased imports of threaded fasteners of iron and steel: bolt ends & screw studs, screw studding and other hexagon nuts (excluding those of stainless steel and those identifiable for aircraft) through Notice Number 109 which was published in the Government Gazette number 42258.

In that investigation, the Commission made a final determination to recommend to the Minister of Trade, Industry and Competition that it will be in the public interest to impose definitive safeguard measures of 54.04 percent *ad valorem* on imports of bolt ends & screw studs, screw studding and other hexagon nuts of iron and steel (excluding those of stainless steel and those identifiable for aircraft). These safeguard duties excluded imports originating in or imported from developing country members that were below 3 percent of total imports to SACU.

The Commission further recommended that the duty be imposed for a period of three years, to be liberalised as at regular intervals as follows: Year 1- 54.04%; Year 2- 52.04%; Year 3- 50.04%. The Minister approved the Commission's recommendation contained in Report Number 620.

On 24 July 2020, final safeguard measures were imposed on imports of threaded fasteners of iron and steel: bolt ends & screw studs, screw studding and other hexagon nuts (excluding those of stainless steel and those identifiable for aircraft) originating from all countries, excluding imports originating from developing country members that were below 3 percent of total imports into SACU.

The Amended Safeguard Regulations (SGR) provide for the exclusion from safeguard measures of imports from developing countries, whose volumes are less than 3 percent of total imports to SACU in the original investigation period. As result of this, Belarus, Indonesia and Turkey were among the list of developing countries excluded from the safeguard measures.

"Section 21.20 of the Amended Safeguard Regulations states that "a developing country exempted from the application of a safeguard measure in terms of subsection 18 may become subject to such safeguard measure without a new investigation being conducted if, subsequent to the imposition of the safeguard measure, its share of the imports increases to a level that exceeds three percent of the total import volume in the original investigation period".

Taking the above into consideration with regard to Belarus, Indonesia and Turkey total imports of threaded fasteners of iron and steel: bolt ends & screw studs, screw studding and other hexagon nuts (excluding those of stainless steel and those identifiable for aircraft) in the original investigation period (01 July 2014 to 30 June 2018) were used to determine whether imports from Belarus, Indonesia and Turkey for 25 July 2020 to 30 June 2021 increased to a level higher than 3 percent of total imports in the original investigation period.

Import volumes

The following table shows all import volumes of the subject products as sourced from the South African Revenue Service (SARS).

Table 1: Import volumes in tons

| Original period of Investigation(POI) | 01 July 2014 to 30 June 2015 | 01 July 2015 to 30 June 2016 | 01 July 2016 to 30 June 2017 | 01 July 2017 to 30 June 2018 |
|--------------------------------------------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|
| Total import volumes | 6 069 | 5 546 | 8 697 | 6 418 |
| Period after the imposition of safeguard measures | 25 July 2020 to 30 June 2021 | 25 July 2020 to 30 June 2021 | 25 July 2020 to 30 June 2021 | 25 July 2020 to 30 June 2021 |
| Imports from Belarus | 189 | 189 | 189 | 189 |
| Imports from Belarus as % of total imports for the original POI | 3.11% | 3.40% | 2.17% | 2.94% |
| Imports from Indonesia | 265 | 265 | 265 | 265 |
| Imports from Indonesia as % of total imports for the original POI | 4.36% | 4.77% | 3.04% | 4.13% |
| Imports from Turkey | 648 | 648 | 648 | 648 |
| Imports from Turkey as % of total imports for the original POI | 10.67% | 11.68% | 7.45% | 10.09% |

Information in table 1 above indicates that import volumes from Belarus, Indonesia and Turkey for the period (25 July 2020 to 30 June 2021) now account for more than 3% of total imports into SACU as percentage of total imports in the original investigation.

The Commission considered that import volumes from Belarus are more than 3% of total imports into SACU for the first two years of the original investigation period. The Commission further considered that there is no statute stipulating that more than 3% has to occur under each year of the original investigation period. The 3% threshold can be regarded as having been exceeded at any point after imposition of the final measure, which in this case is applicable in 2014/15 and 2015/16.

The Commission therefore decided to recommend to the Minister of Trade, Industry and Competition to make imports of the subject products originating in or imported from Belarus, Indonesia and Turkey be subject to the safeguard measures for the remainder of the period which safeguard duties are in place (until 23 July 2023) in terms of Section 21.20 of the Amended Safeguard Regulations. Furthermore, a list of developing countries excluded from safeguard measures as contained in Report No. 620 be amended by removing Belarus, Indonesia and Turkey.
