#### Diethyl Terephthalate From the Republic of Korea: Rescission of Antidumping Administrative Review; 2021–2022

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty order on diethyl terephthalate (DOTP) from the Republic of Korea (Korea), covering the period of review (POR) August 1, 2021, through July 31, 2022.

**DATES:** Applicable April 24, 2023.

**FOR FURTHER INFORMATION CONTACT:** Laurel LaCivita, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4243.

#### SUPPLEMENTARY INFORMATION:

#### Background

On August 2, 2022, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on DOTP from Korea, covering the POR.<sup>1</sup> On August 31, 2022, Eastman Chemical Company (Eastman, a domestic producer) timely requested that Commerce conduct an administrative review.<sup>2</sup>

On October 11, 2022, Commerce published in the **Federal Register** a notice of initiation of an administrative review with respect to Aekyung

Petrochemical (AKP), Hanwha Chemical Corporation (Hanwha Chemical), and LG Chem, Ltd. (LG Chem) in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).<sup>3</sup> On November 10, 2022, Aekyung Chemical Co., Ltd. (AKC) filed a letter explaining that AKP, one of the three companies subject to this review, changed its business name to AKC, effective November 1, 2021.<sup>4</sup> As a result, AKC explained that the operations related to DOTP during the review period by the legal entity formerly known as AKP were conducted under the name of AKP until November 1, 2021, and then under the name of AKC after that date.<sup>5</sup> In addition, AKC certified that neither AKP nor AKC had exports, sales, or entries of DOTP into the United States during the POR.<sup>6</sup>

On November 8, 2022, we requested from U.S. Customs and Border Protection (CBP) a data file of entries of subject merchandise imported into the United States during the POR for those companies for which a review was initiated. On November 16, 2022, we received the CBP entry data<sup>7</sup> that demonstrated that there were no entries during the POR from companies covered by the review (*i.e.*, AKP, Hanwha Chemical, and LG Chem).<sup>8</sup> Consequently, we stated that we intended to rescind the review and solicited comments regarding the CBP data, respondent selection, and our intent to rescind the review.<sup>9</sup> None of the parties to the proceeding provided comments regarding the CBP data, respondent selection, or the rescission of the review.

On March 7, 2023, we issued a memorandum to clarify our intent to rescind the review in full.<sup>10</sup> We

reiterated that the record of this review demonstrates that none of the companies upon which we initiated the review (*i.e.*, AKP, Hanwha Chemical, and LG Chem) had entries of the subject merchandise during the instant POR.<sup>11</sup> In addition, we noted that AKP had stated for the record that it made no entries during the POR.<sup>12</sup> We explained further that because the CBP data demonstrates that there were no suspended entries for the companies under review during the POR, and, none of the parties to the proceeding have provided information or argument to the contrary, we confirmed that it was our intention to rescind this review.<sup>13</sup> We provided all interested parties an additional opportunity to comment on Commerce's intent to rescind the review.<sup>14</sup> No party to the proceeding provided comments on Commerce's intent to rescind the review.

#### Rescission of Review

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of an antidumping duty order where it concludes that there were no suspended entries of subject merchandise during the POR.<sup>15</sup> Normally, upon completion of an administrative review, the suspended entries are liquidated at the antidumping duty assessment rate for the review period.<sup>16</sup> Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct CBP to liquidate at the calculated antidumping duty assessment rate for the review period.<sup>17</sup> As noted above,
